

REINER® 940

• Ideal for large and curved surfaces • Long imprint area • Mobile or stationary marking • Imprint also possible by pulling motion • Suitable for left- and right handed users • Max. print size: 140 mm (5 ½") x 12.7 mm (½")

EVEN IF IT IS ROUND

Quick and weighing only 530 g: The REINER® 940 is a mobile inkjet printer that marks products and packaging **easily** and in the blink of an eye.

The rechargeable battery permits **up to 1,000 imprints per charge**, wirelessly and not bound to any one location. The device stores up to **four print images** that can be **switched easily** with a setting wheel. **Marking takes place by rolling** the REINER® 940 over the surface and is even possible contact free.

Clever: Since different hand movement speeds prevent perfectly even work, integrated sensors regulate ink supply **for perfect machine readable marking**.

Integrated capping to seal the print head keeps ink from drying out even with longer breaks between uses.

- Ideal for large and curved surfaces
- Long imprint area
- Mobile or stationary marking
- Imprint also possible by pulling motion
- Suitable for left- and right handed users
- Max. print area dimension: (W x H) 140 mm (5 ½") x 12.7 mm (½")
